REGARDING TROMSØ'S APPLICATION FOR STATUS AS EUROPEAN YOUTH CAPITAL 2026

The organisation Skeiv Ungdom is a youth NGO that advocates LGBTQ+ rights in Norway and stands for diversity and against discrimination. We support Tromsø's application to become European Youth Capital 2026 and we believe that this initiative will make Tromsø and the region a more inclusive and better place to live for LGBTQ+ youth in the future.

We also believe that Tromsø's bid could be a positive contribution to raising awareness about LGBTQ+ rights on a European level as well.

We have participated in EYC-workshops and initiatives in Tromsø together with other young people and young adults with different cultural or social backgrounds, and we will continue to participate in the EYC-project further.

Please feel free to contact us if you have any questions.

Best regards,

Theo-Alyxander Fagerheim Riise

About Skeiv Ungdom Troms

Skeiv Ungdom Troms works for each individual's freedom to be themselves regardless of gender identity, gender expression and sexuality. We want a world where all expressions of gender and sexuality based on consent and equality are accepted, and where no one gets privileges in society on the basis of their gender identity, gender expression or sexuality.

Skeiv Ungdoms Troms works as a social meeting place for young LGBTQ+ people in addition to the working politically to raise awareness around youth LGBTQ+ issues.
